

Hazard Mitigation Assistance (HMA) Notice of Interest (NOI)

INSTRUCTIONS

Complete all fields and submit to the Office of Civil Defense Hazard Mitigation Section. The form allows the subapplicant to submit up to five (5) activities; use additional forms as required. Refer to 2024 Hazard Mitigation Assistance Program and Policy Guide at https://www.fema.gov/sites/default/files/documents/fema_hma-program-policy-guide_032023.pdf.

1. ENTITY LEGAL NAME	2. SUBAPPLICANT TYPE <input type="checkbox"/> Territory Government Agencies <input type="checkbox"/> Private Nonprofit Organizations	3. SUB-APPLICANT ADDRESS
4. UNIQUE ENTITY IDENTIFIER	5. ORGANIZATIONAL DUNS	6. TERRITORY CONTROL NO.
7. PERSON COMPLETING NOI (<i>Last Name, First Name</i>)	8. PHONE NUMBER	9. EMAIL

<p>10. OPPORTUNITIES (<i>check all that apply</i>)</p> <p><input type="checkbox"/> 97.047 Building Resilient Infrastructure and Communities (BRIC)</p> <p><input type="checkbox"/> 97.029 Flood Mitigation Assistance (FMA)</p> <p><input type="checkbox"/> 97.039 Hazard Mitigation Grant Program (HMGP)</p>	<p>11. ACTIVITIES (<i>check all that apply</i>)</p> <p>Capability- and Capacity-Building (non-construction)</p> <p><input type="checkbox"/> Mitigation planning and planning-related activities <input type="checkbox"/> Project scoping/advance assistance</p> <p><input type="checkbox"/> Partnerships <input type="checkbox"/> Technical assistance (financial/non-financial) <input type="checkbox"/> Codes and standards</p> <p><input type="checkbox"/> Post Disaster Code Enforcement</p> <p><input type="checkbox"/> Mitigation projects (construction)</p> <p><input type="checkbox"/> Acquisition and Demolition <input type="checkbox"/> Acquisition and Relocation <input type="checkbox"/> Dry Floodproofing</p> <p><input type="checkbox"/> Elevation <input type="checkbox"/> Flood Risk Reduction <input type="checkbox"/> Generator <input type="checkbox"/> Mitigation Reconstruction</p> <p><input type="checkbox"/> Saferoom/Shelter <input type="checkbox"/> Soil Stabilization <input type="checkbox"/> Structural/Nonstructural Retrofit</p> <p><input type="checkbox"/> Utility & Infrastructure Protection</p> <p><input type="checkbox"/> Management costs</p> <p><input type="checkbox"/> Other (must specify) _____</p>
---	---

12. HAZARD TYPE (*refer to Guam Hazard Mitigation Plan and check all that apply*)

Coastal Erosion Disease Drought Earthquake Flooding High Surf Non-Seismic Ground Failure (Sinkholes) Sea Level Rise

Severe Wind Slope Failure Tropical Cyclone Tsunami Inundation Wildland Fire Other (Must Specify) _____

Refer to the 2024 Hazard Mitigation Plan (https://www.ghs.guam.gov/sites/default/files/guam_2024_hmp_20240711_ms_updated_maps.pdf)

Section A – ACTIVITY COSTS

Activity (from Block 11)	Federal Cost Share	Applicant Cost Share	Total Activity Cost	Cost Share Secured? (Y/N)
	\$	\$	\$	
	\$	\$	\$	
	\$	\$	\$	
	\$	\$	\$	
	\$	\$	\$	

SECTION B – BENEFIT-COST ANALYSIS (BCA)

BCA completed using the most current BCA Toolkit? Yes No N/A IF YES, input Benefit-Cost Ratio (BCR) _____

Download Benefit-Cost Analysis (BCA) toolkit at <https://www.fema.gov/grants/guidance-tools/benefit-cost-analysis/full-bca#download>.

Do you plan to utilize an alternative methodology?

Substantially damaged structures in a riverine Special Flood Hazard Area (SFHA)

OR

Pre-calculated benefits for mitigation projects

Refer to the "Pre-Calculated Benefits" section of FEMA's BCA page: <https://www.fema.gov/grants/guidance-tools/benefit-cost-analysis>

Acquisitions, elevations, and mitigation reconstruction in the SFHA Acquisitions of repetitive loss and severe repetitive loss structures outside of the SFHA

Residential hurricane wind retrofits Non-residential hurricane wind retrofits Residential tornado safe rooms Generators for hospitals.

Post-wildfire mitigation (soil stabilization, flood diversion and reforestation).

OR

Cost-Effective Narrative (FEMA Policy 206-23-001)

At the time of submission, projects with a total cost of under \$1 million may be evaluated for cost-effectiveness with a narrative that includes qualitative and quantitative data demonstrating the benefits and costs of the project. Total project costs, for the purpose of demonstrating cost-effectiveness, include all project costs (Federal and Non-Federal Share) required to complete the mitigation activity. Instructions for completing a cost-effectiveness narrative may be found in program guidance and on FEMA's "Benefit-Cost Analysis" webpage: <https://www.fema.gov/grants/tools/benefit-cost-analysis> FEMA will validate the cost-effectiveness narrative and estimate and record a benefit-cost ratio for the proposed project during its review. FEMA may still need to send the applicant a Request for Information (RFI) to help clarify and strengthen the subapplication by providing additional information or documentation needed to satisfy outstanding program requirements.

OR

5% Initiative Project

Include a narrative that indicates that there is a reasonable expectation that future damage or loss of life or injury will be reduced or prevented by the activity.

SECTION C – SCOPE OF WORK

Activity (from Block 11)	Geographic Area		Hazard Source(s) (from Block 12)	% Population Affected	Proposed Project Summary
	Description	Latitude/Longitude
