**September 29, 2023, 11 a.m. (ChST) JRR0929#120**

### **Mawar Debris Cleanup Finishes in 3 Additional Villages**

The U.S. Army Corps of Engineers (USACE) debris removal mission moves forward as contractors completed cleanup from residential rights of way (ROWs) in the villages of Agana Heights, Hagåtña and Dededo.

The USACE mission conducts separation and removal of eligible typhoon related debris from residential properties. Teams go street by street through each village collecting everything from construction and demolition waste to vegetative debris from ROWs until the entire village has been cleared.

Debris Operations are currently ongoing in the following villages:

- Agat (Hågat)
- Barrigada
- Chalan Pago-Ordot
- Mangilao
- Mongmong-Toto-Maite
- Yigo
- Yona

Once USACE contractors have made their rounds through a village, the local mayor is contacted and tours the village to ensure debris pick-up has been completed.

Debris Operations have been completed in the following villages:

- Piti
- Asan (Asan-Maina)
- Sinajana
- Santa Rita (Santa Rita-Sumai)
- Umatac (Humåtak)
- Merizo (Malesso')
- Tamuning
- Talofofo (Talo'fo'fo)
- Inarajan (Inalåhan)
- Agana Heights
- Agana (Hagåtña)
- Dededo

Now that local mayors have signed off on debris removal in these 12 villages, USACE asks that any remaining debris including ineligible and hazardous waste be disposed of properly and not be set in the ROW.

Areas that have been cleared continue to see debris being dumped by residents. Any new debris remaining after an area has been completed will be the resident's responsibility to dispose of.

Certain forms of ineligible debris may be taken to one of the three Guam Solid Waste Authority (GSWA) residential transfer stations in Harmon, Hagåt, and Malojloj. Transfer station operation hours are Thursday through Monday from 9 a.m. to 5 p.m. A nominal fee is required for disposal of household trash.

Residents are urged to dispose of their solid waste properly. Illegal dumping is a violation of Guam law. In accordance with 10 GCA §51115(b), illegal dumping is subject to fines of up to \$1,000 per day, per violation, along with the cleanup cost associated with the violation.
