Green Waste Sites Updates; Disaster Debris Site Operational

Green Waste Sites Updates

The Government of Guam, in coordination with village Mayors' Offices, continues to operate Green Waste Sites, which are open for green waste only, including trees, limbs, brush, and grass. The following Green Waste Sites operate daily from 7 a.m. to 6 p.m.:

- Oka Point, Tamuning (also serves as the disaster debris site; see [JIC Recovery Release No. 4](#) for a list of accepted items)
- Assan-Maina – Old Baseball Field (Open to Assan-Maina residents)
- Dededo – Ponding Basin (Open to the public)
- Dededo – Astumbo Park (Open to the public)
- Hågat – Old Bus Satellite Station Parking Lot (Open to Hågat residents)
- Humåtak – Mayor's Office (Open to Humåtak residents)
- Inalåhan – Next to Fire Station (Open to Inalåhan residents)
- Malesso' – Baseball Field (Open to the public)
- Talo'fo'fo – DYA Cottage Home (Open to Tal'fo'fo and Yona residents)
- Piti – Across Our Lady of Assumption Church (Open to the public)
- Tiyan, Barrigada - Old Carnival Grounds (Open to the public)
- Wusstig Road, Yigo - open as of Tuesday, April 21 (Open to the public)

Community members are reminded that access to the Green Waste Sites during operational hours is at their own risk. Proper footwear, including closed-toe shoes, and appropriate attire are strongly advised to help prevent injuries while disposing of green waste.

Disaster Debris Site Operational

The Government of Guam, in coordination with the Department of Public Works (DPW) and the Guam Environmental Protection Agency (GEPA) continues to operate one (1) primary disaster debris site at Oka Point, Tamuning (also known as Ypao Point or the Old Memorial Hospital site). The disaster debris site is open daily from 7 a.m. to 6 p.m. For a complete list of accepted and non-accepted items, refer to [JIC Recovery Release No. 4](#).

The Oka Point disaster debris site is open as scheduled; however, entry lines will be closed by 5:30 p.m. to ensure the final vehicle is admitted by 6 p.m., allowing crews time to safely secure the site for the night—an essential measure to protect both the public unloading debris and the personnel assisting them.

Community members are reminded that access to Oka Point during operational hours is at their own risk. Proper footwear, including closed-toe shoes, and appropriate attire are strongly advised to help prevent injuries while disposing of debris.
