

Joint Information Center – JIC Release No. 1125
September 1, 2022, 4:50 p.m. (ChST)

**COVID-19 Test Results: 34 New Cases, 18 Hospitalized;
 390th COVID-19-related Fatality Reported; Additional COVID-19 Updates**

COVID-19 Test Results: 34 New Cases Reported

Today, the Department of Public Health and Social Services (DPHSS) reported **34** new cases of COVID-19 from **1,177** specimens collected August 31, 2022. **Three (3)** of the cases reported today are through the Department of Defense. To date, there have been a total of **57,981** officially reported cases, **390** deaths, **382** cases in active isolation, and **57,209** not in active isolation.

18 Hospitalized for COVID-19

CENSUS as of 4 p.m.	GMH	GRMC	USNH	TOTAL
COVID-19 Admission	11	7	0	18
Pediatric Admissions	0	-	-	0
ICU	0	0	0	0
Ventilator	0	0	0	0

VACCINATION STATUS	VACCINATED	UNVACCINATED	INELIGIBLE (Under 6 months old)
Hospitalized	14	4	0
Total in Population*	139,940	12,673	1,223
Rate per 100,000 Population	10	32	0

*SPECIAL NOTE: Based on today's data, if we were to compare two (2) hypothetical populations of 100,000 people each, vaccinated versus unvaccinated, there would be 10 vaccinated people hospitalized for COVID-19 compared to 32 unvaccinated people hospitalized for COVID-19. The risk of being hospitalized for COVID-19 is about 3 times higher for the unvaccinated as compared to the vaccinated. *Estimated population is based on DPHSS Immunization Program analysis of 2020 Census data. Updates are expected pending further Census 2020 data breakdown.*

390th COVID-19-related Fatality Reported

The Joint Information Center was notified that Guam’s 390th COVID-19-related fatality was pronounced dead on arrival at the Guam Regional Medical City on August 19, 2022. The patient was an 87-year-old female, fully vaccinated with one booster, with unknown underlying health conditions who tested positive on August 19.

“Jeff, Josh, and I keep her and her loved ones in our thoughts and pray that they find peace and comfort in this difficult time,” said Governor Lou Leon Guerrero. “As COVID-19 infections begin to decrease, and more members of our community avail of boosters and mAb treatment, we should remain cautious and recognize the threat that this virus poses on our most vulnerable population.”

DPHSS COVID-19 Vaccination Clinics at ASC, CHCs, Paseo mAb Clinic Closed Sept. 5

DPHSS COVID-19 vaccination clinics at the Agana Shopping Center, DPHSS Northern Community Health Center, DPHSS Southern Community Health Center and the monoclonal antibody therapy clinic at Paseo Stadium will be closed in observance of Labor Day on Monday, September 5, 2022.

September 2, 2022: USPS Free COVID-19 Test Program Will Be Suspended

United States Postal Service (USPS) orders for free at-home COVID-19 tests will be suspended on Friday, September 2, 2022. The program will continue to accept orders from individuals prior to this date. Fill in the online USPS form with your contact and shipping information to order your at-home tests by visiting <https://special.usps.com/testkits> before Sept. 2, 2022. Learn more at COVID.gov/tests.

Find more information on free testing resources in the COVID.gov/tests "Other Testing Resources" section or by visiting dphss.guam.gov/covid-19. Residents with health insurance may avail of at-home tests by calling their pharmacy or health insurance company for more information.

Novavax COVID-19 Vaccine Available at Northern Region Community Health Center

On August 9, DPHSS received 100 doses of the Novavax COVID-19 vaccine. The U.S. Food and Drug Administration (FDA) issued an Emergency Use Authorization for the Novavax vaccine on July 13. According to the CDC, the Novavax vaccine is a two-dose adjuvanted vaccine that is administered intramuscularly in deltoid muscle in adults 18 years of age or older. The Novavax vaccine is a two-dose primary series with three to eight weeks between dose one and dose two. Currently, the Novavax vaccine is not authorized for any booster dose. In addition, individuals who complete their primary series with two doses of Novavax vaccine are not eligible for a booster dose at this time. The Novavax vaccine will be available at the DPHSS Northern Region Community Health Center in Dededo.

DPHSS mAb Treatment Center Open at Paseo Stadium

Bebtelovimab, a monoclonal antibody (mAb) for the treatment of mild-to-moderate COVID-19 in adults and pediatric patients (12 years of age and older weighing at least 40 kilograms) is available at the DPHSS mAb treatment center at the Paseo Stadium in Hagåtña from 9 a.m. to 4 p.m., and closes for lunch from 12 p.m. to 1 p.m., Monday through Saturday.

To schedule treatment at the DPHSS mAb treatment center, patients must call 671-998-4527 or 671-998-4547, have a current, laboratory confirmed COVID-19 infection and a referral from a prescribing physician. For more information about Bebtelovimab and other mAb treatment options on Guam, visit dphss.guam.gov/mab or dial 311 from a local number and select option 1 on weekdays from 8 a.m. to 9 p.m. and on weekends and holidays from 8 a.m. to 5 p.m.

COVID-19 Vaccines for Children 6 Months and Older Available at DPHSS CHCs

The Moderna and the Pfizer-BioNTech COVID-19 Vaccines are authorized for use in children from six months of age and older. In most children, the Moderna COVID-19 vaccine for children ages six months through five years will be a two-dose primary series with four to eight weeks between dose one and dose two. In most children, the Pfizer-BioNTech COVID-19 vaccine for children ages six months through four years will be a three-dose primary series three to eight weeks between dose one and dose two, and at least eight weeks between dose two and dose three.

Requirements for minors to receive the Moderna or Pfizer-BioNTech COVID-19 Vaccine at DPHSS vaccination clinics and outreach events:

- Parent/legal guardian must provide minor’s birth certificate
- Parent/legal guardian must have a government-issued photo identification
- Minor must be accompanied by a parent or legal guardian
- Guardians must present legal guardianship or power-of-attorney documents

Incentives Offered for COVID-19 Vaccination Series Completion and Boosters

A program administered by the government of Guam is providing incentives to individuals 12 years of age and older who maintain their COVID-19 vaccinations who are completing their last

dose in primary series; OR receiving 1st Booster Dose OR 2nd Booster Dose. Eligible residents will be offered an incentive (alcohol and tobacco items excluded) *while supplies last*. **Gift certificates will only be offered at vaccination clinics at NRCHC, SRCHC, the Agana Shopping Center, and senior citizen outreach clinics, *while supplies last*.**

Guam COVID-19 Vaccination Update

As of August 30, 2022, **139,940** eligible residents (6 months and older) are fully vaccinated. This total includes **14,030** residents 12 – 17 years old. **9,041** residents 5 – 11 years old received their first dose of a two dose series. **7,392** residents 5 – 11 years old have completed their two-dose series. **215** residents 6 months – 4 years old have received their first dose of a two dose series. **70,217** eligible residents have received their first booster shots. **12,240** eligible residents have received their second booster shots.
