Executive Order No. 2020-17

Today, Governor Lou Leon Guerrero signed Executive Order No. 2020-17 relative to Guam's launching of the Pandemic Unemployment Assistance (PUA) and Federal Pandemic Unemployment Compensation Programs (FPUC).

After successfully completing a soft testing of the PUA module over the weekend, the Guam Department of Labor (GDOL) launched the PUA online application process today on [Hireguam.com](https://hireguam.com). GDOL has created a tutorial video for filing a weekly claim which can be viewed on the GDOL Facebook page.

Although the application process is currently only available online, GDOL has signed a Memorandum of Agreement with the Guam Community College (GCC) to stand up a processing center on the campus for those without Internet access. Once the processing center is open, individuals can make an appointment and receive help with their applications. More information will be provided once available.

Executive Order No. 2020-18

Governor Leon Guerrero also signed Executive Order No. 2020-18 relative to launching the Guam Small Business Pandemic Assistance Grant Program. A total of \$20 million in Coronavirus Aid, Relief, and Economic Security (CARES) Act funding will be directed to Guam's small businesses who have suffered financial hardship as a result of COVID-19 due to business closure, reduced consumer spending, and a decline in visitor arrivals. The Guam Economic Development Authority (GEDA) is designated as the official responsible for overseeing the program.

For a list of eligibility requirements, visit www.investguam.com/smallbusiness. Applications are being accepted via email until the \$20 million in funding set aside under the CARES Act is exhausted or until December 30, 2020, whichever comes first.
