**Emergency Shelter Update:**

Effective immediately, emergency shelters will no longer be accepting residents who have been displaced by Typhoon Mawar. As shelterees begin returning home to clean and assess damages, the current shelter capacity has decreased to 815.

**Port Authority of Guam Update:**

Port Authority of Guam (PAG) operations will resume today and will offload a Matson container ship. Yesterday, the PAG terminal yard was completely cleaned up. PAG confirmed that Gantry 5 is operational after addressing damage to conduits and its circuit board. Gantry 4 and Gantry 6 have issues with their computer boards and are currently being serviced.

As of 10:30 a.m. today, the U.S. Coast Guard issued the all-clear to open from the waterway perspective while PAG immediately issued the all-clear from the dockside. PAG has received notice of arrivals for two vessels and is ready to service those vessels. Additionally, Guam Customs and Quarantine officers are ready for operations.

Matson was scheduled to arrive at noon today, with APL to dock once discharge of Matson’s Maunawili is completed. Matson’s Manoa and Papa Mau are also scheduled to arrive May 30, 2023.

**Guam Airport to open regular flight operations:**

After working around the clock to address the impacts to the airport terminal building, equipment, and operations by Typhoon Mawar, the Guam International Airport Authority on May 29, 2023 at 3:00 p.m.

The Airport has phased in to normal operations with a restricted opening for humanitarian and essential cargo flights on May 25, 2023, bringing much needed supplies and emergency personnel to Guam. These operations will continue for typhoon recovery efforts.

Airlines are anticipated to file their flight plans with the GIAA to begin flight operations and to bring their regularly scheduled operations online. Passengers are advised to contact their airlines directly for flight status and rescheduling their flights. Below are contact numbers for our airline partners:
