

Joint Information Center - JIC Release No. 875
December 1, 2021, 7:50 a.m. (ChST)

COVID-19 Community Testing at Tiyan Rescheduled to 1 p.m. to 4 p.m.

The Department of Public Health and Social Services (DPHSS) COVID-19 community-based testing scheduled for today, December 1, 2021 at the old carnival grounds in Tiyan, Barrigada has been **rescheduled to 1 p.m. - 4 p.m** as a result of inclement weather conditions this morning.

As Tropical Storm Nyatoh continues to move away from the Marianas, a surface trough extending from the storm continues to bring scattered showers and isolated thunderstorms. In consultation with the National Weather Service (NWS), DPHSS has been advised that weather conditions may improve this afternoon.

COVID-19 testing at the Northern Region Community Health Center (NRCHC) continues as scheduled today but may close early based on weather conditions.
