

Joint Information Center – JIC Release No. 966
February 20, 2022, 12:25 p.m. (ChST)

**Preliminary COVID-19 Test Results: 141 New Cases, 50 Hospitalized;
 No Symptoms Needed to Test for COVID-19**

50 Hospitalized for COVID-19

CENSUS as of 11 a.m.	GMH	GRMC	USNH	TOTAL
COVID-19 Admission	35	15	0	50
Pediatric Admissions	1	-	-	1
ICU	4	1	0	5
Ventilator	2	1	0	3

VACCINATION STATUS	VACCINATED	UNVACCINATED	INELIGIBLE (0-4 years old)
Hospitalized	31	18	1
Total in Population*	134,328	7,279	12,229
Rate per 100,000 Population	23	247	8

SPECIAL NOTE: Based on today's data, if we were to compare two (2) hypothetical populations of 100,000 people each, vaccinated versus unvaccinated, there would be 23 vaccinated people hospitalized for COVID-19 compared to 247 unvaccinated people hospitalized for COVID-19. The risk of being hospitalized for COVID-19 is about 11 times higher for the unvaccinated as compared to the vaccinated. *Estimated population is based on DPHSS Immunization Program analysis of 2020 Census data. Updates are expected pending further Census 2020 data breakdown.

Preliminary COVID-19 Test Results: 141 New Cases of COVID-19

Today, the Department of Public Health and Social Services (DPHSS) reported a preliminary case count of **141** new cases of COVID-19 from **422** specimens analyzed on February 19, 2022. Additional results are pending analysis and submission from other clinics and will be reported on Monday, February 21, 2022. To date, there have been a total of **42,544** officially reported cases, **316** deaths, **5,173** cases in active isolation, and **37,055** not in active isolation.

No Symptoms Needed to Test for COVID-19

In the past week, DPHSS has received adequate supplies of test kits to offer COVID-19 testing to the public. No symptoms are needed to test. DPHSS has since rescinded its [COVID-19 Testing - Screening Guide Memorandum](#) issued on February 4, 2022 which lists the eligibility criteria for individuals to meet for COVID-19 testing. The memorandum was issued as part of a risk stratification due to limited availability of COVID-19 tests at the time.

COVID-19 testing at DPHSS NRCHC and SRCHC will continue to be offered to **only** symptomatic patients and close contacts by appointment only. To schedule an appointment, please visit tinyurl.com/covidstopswithme.

FREE COVID-19 COMMUNITY TESTING

Fill out a [COVID-19 Testing Patient Assessment Form](#) ahead of time, available at dphss.guam.gov/covid-19-testing.
