Fire Weather Watch in Effect for Guam Through the Weekend; Outdoor Burning is Not Recommended

The National Weather Service (NWS), Weather Forecast Office Guam has issued a **fire weather watch** in effect for Guam through Sunday afternoon. A fire weather watch means that critical fire weather conditions are forecast to occur.

Winds at 14 to 17 mph are expected and near 60 % humidity. The highest threat will be for central and eastern parts of Guam. Any fires that develop will likely spread rapidly. **Outdoor burning is not recommended.**

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD) remind the community to refrain from outdoor burning and listen for any additional forecasts or warnings.
