### For Immediate Release

April 19, 2024, 4:10 p.m. (ChST)

### Fire Weather Watch in Effect; Outdoor Burning is Not Recommended

The National Weather Service (NWS) Guam Weather Forecast Office advised very dry conditions and gusty daytime winds will result in a high fire threat.

A **fire weather watch** is in effect from late Saturday morning through early Monday evening for Guam. Winds of 10 to 20 mph, with higher daytime gusts, and humidity at 55 to 60 percent, especially from late morning through sunset, are expected. Any fires that develop will likely spread rapidly. **Outdoor burning is not recommended.**
