### **Press Release – Flash flood warning in effect until 330pm**

The National Weather Service (NWS) Guam Weather Forecast Office extended the **Flash Flood Warning** in effect for Guam until 330pm for central and northern Guam.

Expect flash flooding of small creeks and streams, urban areas, and streets as well as other poor drainage and low-lying areas. Radar and rain gauge indicate 1 and 2 inches of rain has fallen, additional rainfall amounts of 2 and 3 inches are possible.

The Offices of Guam Homeland Security and Civil Defense remind residents:

- Turn around, don't drown when encountering flooded roads. Most flood deaths occur in vehicles.
- Be aware of your surroundings and do not drive on flooded roads.
