Flood Advisory in Effect; Drive with Caution

The National Weather Service (NWS) Guam Weather Forecast Office issued a **flood advisory**, in effect until 10 a.m. this morning for Guam. Thunderstorms and heavy rain are impacting the area.

Residents and visitors are advised to take the following precautionary actions:

- Be aware of your surroundings and do not drive on flooded roads.
- If driving, be alert for low visibilities in heavy rain;
- Slow down where water is ponding on the road;
- Turn Around, Don't Drown. Avoid walking or driving through flood waters. Just 6 inches of moving water can knock you down, and 2 feet of water can sweep your vehicle away;
- Do not camp, park, or hike along streams and rivers. These areas can flood quickly and with little warning.

A **thunderstorm warning** is in effect for the Guam International Airport until 8:30 a.m. Thunderstorms are occurring within 5 nautical miles of the airport. Be alert and take precautions as required.

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD) remind the community to practice caution while traveling in heavy rain, driving below the speed limit and allowing enough braking distance between vehicles.
