**Flood Advisory in Effect; Practice Caution**

The National Weather Service (NWS) Weather Forecast Office Guam issued a **flood advisory** for Guam until 1:00 p.m. this afternoon. Heavy rain is causing urban and small stream flooding in low-lying and poor drainage areas.

The community is advised to take the following actions:

- When driving in heavy rain, be alert for low visibilities and slippery roads;
- Slow down where water is ponding on the road;
- Practice caution while traveling in heavy rain, driving below the speed limit and allowing enough braking distance between vehicles.

For the latest advisory information, visit:
