### **GHS/OCD Hosts Community Resilience Training Virtually**

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD), in conjunction with the National Disaster Preparedness Training Center (NDPTC), will host the AWR-228 Community Resilience training virtually on Tuesday, September 20 – Wednesday, September 21, 2022, from 8 a.m. – 12 p.m. (ChST) for both days. Both days must be attended to receive credit.

The free, virtual, two-day course will provide an opportunity to learn about the meaningful actions that you and your community can take to enhance resilience to natural hazards and of the opportunities available to incorporate these actions into professional practice. Attendees will have an increased understanding about community resilience and how it can benefit hazard planning, including practices of how community can be enhanced at a local level.

The target audience for the course include emergency management personnel and partners from the government of Guam, military, fire services, emergency medical services, law enforcement, security and safety, and citizen/community volunteers.

To register, visit <https://ndptc.hawaii.edu/training/delivery/3199/> and use Registration Code: 69341.
