### **Press Release - High Risk of Rip Current Extended to Sunday**

The National Weather Service (NWS) Guam Weather Forecast Office extended a **Rip Current Statement**, in effect for East facing reefs of Guam until early Sunday morning, December 22, 6:00 a.m.

Rip currents can sweep even the best swimmers away from shore into deeper water.

The offices of Guam Homeland Security/Civil Defense remind residents:

- Swim near a lifeguard
- If caught in a rip current, relax and float.
- Don't swim against the current.
- If able, swim in a direction following the shoreline.
- If unable to escape, face the shore and call or wave for help.
