NWS Wind Advisory Now in Effect

The National Weather Service (NWS), Weather Forecast Office Guam issued a **wind advisory** for Guam, Rota, Tinian, and Saipan.

East winds of 20 mph to 30 mph with gusts up to 40 mph are expected through 7 p.m. tonight. Higher elevations of Guam and Saipan will experience the strongest wind gusts.

The Offices of Homeland security and Civil Defense (GHS/OCD) advise the community to secure outdoor objects, such as canopies, and practice extreme caution while driving. Gusty winds can lift unsecured objects and make driving difficult.
