OHS-OCD Hosts Critical Infrastructure Training Opportunities

The Office of Guam Homeland Security and the Office of Civil Defense (OHS-OCD), in conjunction with the Texas A&M Engineering Extension Service (TEEX), will host the following training opportunities at the OHS-OCD facility in Agana Heights:

- Wednesday, May 20, 2026, 8 a.m. – 5 p.m.: Critical Infrastructure Security and Resilience Awareness (AWR-213)
 - The one-day training is offered at no cost to eligible participants and will introduce participants to the key terms, policy, guidance, and preparedness efforts required to safeguard the Nation's critical infrastructure.
 - The target audience for the course include personnel involved with critical infrastructure and emergency management partners from the government of Guam, military, federal, private, and non-profit organizations.
 - To register, visit <https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=LS&C=AWR213&S=755>
- Thursday, May 21 – Friday, May 22, 2026, 8 a.m. – 5 p.m.: Threat & Hazard Identification & Risk Assessment/Stakeholder Review (MGT-310)
 - The two-day training is offered at no cost to eligible participants and introduces the six-step THIRA/SPR process which includes identifying threats and hazards that stress a community's capabilities, giving context to those threats and hazards and identifying associated impacts consistent with specific factors, identifying community-specific capability targets, assessing current levels of capability in comparison to those targets, identifying capability gaps and subsequent strategies to close those gaps.
 - The target audience for the course include emergency management partners from the government of Guam, military, federal, private, and non-profit organizations.
 - To register, visit <https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=LS&C=MGT310&S=1638>
- Tuesday, May 26 – Wednesday, May 27, 2026, 8 a.m. – 5 p.m.: Conducting Risk Assessments for Critical Community Assets (MGT-315)
 - The two-day training is offered at no cost to eligible participants and is designed to help prevent, reduce, or mitigate the potential consequences of a domestic terrorist attack, natural catastrophe, or other emergency using all-hazards scenarios to identify critical community asset risks and their potential impacts to a community.
 - The target audience for the course include personnel involved with critical infrastructure and emergency management partners from the government of Guam, military, federal, private, and non-profit organizations.
 - To register, visit <https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=LS&C=MGT315&S=1441>

- Thursday, May 28, 2026, 8 a.m. – 5 p.m.: Critical Infrastructure Resilience and Community Lifelines (MGT-414)
 - The one-day training is offered at no cost to eligible participants and is designed to enhance skills to formulate considerations for the resiliency of jurisdictional assets leveraging cross-sector partnerships.
 - The target audience for the course include personnel involved with critical infrastructure and emergency management partners from the government of Guam, military, federal, private, and non-profit organizations.
 - To register, visit <https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=LS&C=MGT414&S=632>
- Friday, May 29, 2026, 8 a.m. – 5 p.m.: Physical and Cybersecurity for Critical Infrastructure (MGT-452)
 - The one-day training is offered at no cost to eligible participants and encourages collaboration efforts among individuals and organizations responsible for both physical and cybersecurity toward development of integrated risk management strategies that lead to enhanced capabilities necessary for protecting critical infrastructure.
 - The target audience for the course include personnel involved with critical infrastructure and emergency management partners from the government of Guam, military, federal, private, and non-profit organizations.
 - To register, visit <https://my.teex.org/TeexPortal/Default.aspx?MO=mCourseCatalog&D=NE&C=MGT452&S=405>
