### **OHS-OCD Hosts ICS 300 & 400 Training Opportunities**

The Office of Homeland Security and the Office of Civil Defense (OHS-OCD), in coordination with the Port Authority of Guam (PAG), will host two Incident Command System (ICS) training opportunities at the PAG Training Room, Piti. The courses follow:

- ICS-300 Intermediate ICS for Expanding Incidents: Monday, October 20 – Wednesday, October 22, 8:30 a.m. – 5 p.m.
- ICS-400 Advanced Incident Command System for Complex Incidents: Thursday, October 23 – Friday, October 24, 8:30 a.m. – 5 p.m.

ICS-300 and ICS-400 provide training for personnel who require advanced application of the Incident Command System. These comprehensive courses expand upon information covered in the ICS-100 and ICS-200 courses. Topics include describing how the National Incident Management System Command and Management component supports the management of expanding incidents, the incident/event management process for supervisors and expanding incidents as prescribed by ICS, the incident management process on a simulated expanding incident, and developing an Incident Action Plan for a simulated incident.

Attendees for the courses include emergency management personnel and partners from the government of Guam, federal, military, private, and non-profit organizations and senior personnel who may assume a supervisory role in expanding emergency incidents and who are expected to perform in a management capacity at an incident or event.

**To register, contact Patrick Leon Guerrero, Training & Exercise Program Manager via email at [pat.leonguerrero@ghs.guam.gov](mailto:pat.leonguerrero@ghs.guam.gov).**
