### For Immediate Release

March 30, 2024, 8:10 a.m. (ChST)

### Red Flag Warning in Effect for Extreme Fire Weather Danger

The National Weather Service (NWS) Guam Weather Forecast Office advised gusty winds and dry vegetation will cause a high fire threat.

A **red flag warning** is in effect until 7 p.m. Sunday for extreme fire weather danger for Guam. East winds of 15 to 25 mph, with gusts to 35 mph over higher terrain, and humidity at 45 to 60 percent are expected. A **fire weather watch** will then be in effect from Sunday evening through Tuesday afternoon for Guam.

A combination of strong winds, low relative humidity, and warm temperatures will create ideal conditions for rapid spread of wildfires. **Refrain from outdoor burning.**
