Red Flag Warning Remains in Effect, Refrain from Outdoor Burning

The National Weather Service (NWS) Guam Weather Forecast Office advised very dry conditions and gusty winds will maintain a high fire threat.

A **red flag warning** remains in effect for Guam until 6 p.m. Friday. Northeast winds of 15 to 25 mph, with higher daytime gusts, and humidity down to 50 to 60 percent at times are expected. The combination of strong winds, low relative humidity, and warm temperatures will create ideal conditions for rapid spread of wildfires.

Refrain from outdoor burning.

A **fire weather watch** is in effect from Friday evening through Sunday afternoon for Guam. Critical fire weather conditions will remain through Sunday. Any fires that develop will likely spread rapidly.
