October 21, 2025, 5:30 p.m. (ChST)

Showers and Gusty Winds Expected

The National Weather Service (NWS) Guam Weather Forecast Office advised a line of showers are approaching Guam's southeastern shores **with the** potential for thunderstorms. Showers are expected to be heavy at times, bringing occasionally strong gusts in the next few hours.

The Office of Homeland Security and the Office of Civil Defense (OHS-OCD) remind the community to practice caution while traveling in heavy rain, driving below the speed limit and allowing enough braking distance between vehicles. If driving, be alert for low visibilities in heavy rain and slow down where water is ponding on the road. Be alert for additional advisories.
